

Galvão - Intensidade

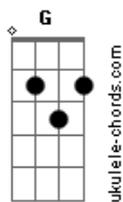

Tom: G

A poesia que me cobre o peito
 Muda meu comportamento
 Alegra-me a alma Reacende o desejo
 De viver com mais intensidade
 Cada momento da vida
 Redescoberto pela força da coragem

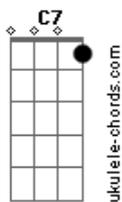

A palavra terna e firme
 Um cochilo no seu colo
 Uma cicatriz Mãos entrelaçadas
 A vida e seus contornos O tempo não passa
 A graça e a beleza moram num tempo
 Que eternamente eu uso
 Para lhe render culto
