Intro: C Em Dm G

[Primeira Parte]

I still wonder if this is a dream
That someone like you would stand here with me
Look into your eyes. I Still get butterflies
Oh my, It's like a dream

I'm no perfect
But somehow, It's you who still love me
And yes, it is true
You make my heart flows more than you'll ever know
Angel is right here this low

[Pré-Refrão]

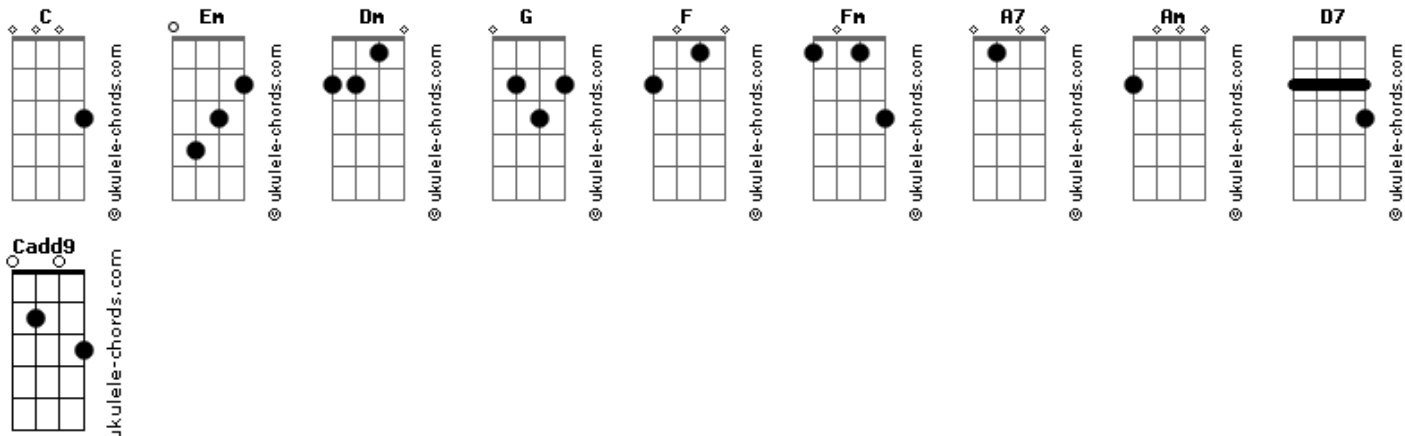

So I... I wanna hold you tight
And tell you that I

Ooh

[Refrão]

Honey, I'll be with you by your side
Forever be mine. You are the brightest star in the sky
Whatever you do
I'm always here for you. Ooh~
There will be no more blues. Cuz you fulfilled my life
