No rebojo do rio  
Espumava a fúria de Madjú-ã  
Cobra do mal que rondava o perau  
Dizimando as vidas do clã  
Almas indefesas eram sepultadas  
No ventre da grande serpente  
Mas subitamente surgiu o valente pajé  
Da nação Urubús-kaapó  
Urubús-kaapó, Urubús-kaapó  
Lutando nas águas profundas  
Contra o poder da boiúna  
E o bravo guerreiro devorado inteiro  
Sua vingança começou  
Achu dez corações e cortou dez maracapás

Livrou-se da fera correu pela mata  
Mas não resistiu morreu na ocara  
Cansado da batalha travada no rio  
Mais foi ressuscitado  
Na magia de outro xamã  
Madjú-ã agonizando deixou  
Sua sombra na imensidão  
Madjú-ã despencou sobre o chão  
Formando um mar de águas abissais  
E do sangue da fera surgiram  
As cores belas dos animais  
Madjú-ã agonizando deixou  
Sua sombra na imensidão  
Madjú-ã despencou sobre o chão  
Formando um mar de águas abissais  
E do sangue da fera surgiram  
As cores belas dos animais
