

# Garbage - So We Can Stay Alive

tom:

**G**

[Primeira Parte]

**G**  
Imagine this: we make things right  
**D**  
So beautiful, we cling tonight  
**Em**  
To all our dreams, we pin them up  
**C**  
We lose our minds if we lose our hope  
**G**  
We swear to change, but we bottle it  
**D**  
Stick to our guns and all our sins  
**Em**  
We bury fear, we drink to it  
**C**  
We might cheat death if we worship it

[Refrão]

**G**  
So we can stay alive  
**D**  
Our sex, our power, our drive  
**Em**  
We lose ourselves inside  
**C**  
So we can feel alive

[Segunda Parte]

**G**  
You're the one who should be on trial  
**D**  
For all your hate and your denial  
**Em**  
Be careful what it is you break  
**C**  
Every broken thing can't be fixed  
**G**  
And all those fragile things we are  
**D**  
They find their voice, they find their power  
**Em**  
They take a grip around your throat  
**C**

They keep squeezing till your life runs out  
[Refrão]

**G**  
So we can stay alive  
**D**  
Our sex, our power, our drive  
**Em**  
We lose ourselves inside  
**C**  
So we can feel alive
