

Garth Brooks - Please Operator (Could You Trace This Call)

Tom: C

Please operator

Could you trace this call

Find out where I'm drinkin'

Which dirty beer hall

Send a cab driver

To call for me here

No need to describe me

Cause I ain't all here

She told me to get lost

And that's what I did

But I've done it so well

I don't know where I hid

And she swore that she never

Will see me again

Hell I'll never find me

In the shape that I'm in

If he can't find me

I'll buy him a beer

To call for me here

I'll be beside myself

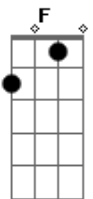

Pourin' down beer
