          A  D          A
If you could see inside my heart
         Gbm        Bm                  A
You'd see a loneliness right from the start
         Gbm Bm                    A E Gbm
Feels like laughing love has passed me by
            A E          D A Em A
These days i need no reason to cry
```

```
          A   D        A
If you could feel the way i feel
            Gbm      D        A
You'd know that every word i say is real
            Gbm    D            A E Gbm
Seems like laughing love can pass you by
          A  E           D A E A E
```

```
These days i need no reason to cry

E                 D              A E
I always knew i would have to let you go
E                           D        A
The years go by and the only thing i know
E          A        E
Is that i love you still
```
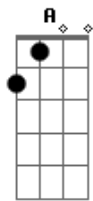

```
          A  D          A
If i could see your face today
         Gbm Bm                A
Then all the emptiness'd be far away
         Gbm        Bm            A E Gbm
All the loneliness would pass me by
          A    E             D A E A
Then i would have no reason to cry
```
