Intro: G
                                                              Lamb of God, anointed one
[Primeira Parte]
                                                              Who was and is and is to come
I am an instrument
                                                              Seated on the throne above
Of exaltation
                                                              Holy, holy
And I was born to lift the name above all names
                                                              Righteous One who shed His blood
You hear the melody
                                                              To prove to us the Father's love
        D
Of all creation
                                                              Jesus Christ, be lifted up
                                                              G D
Holy, holy
                                D
But there's a song of praise that only I can bring
[Refrão]
                                                              Lamb of God, anointed one
Who else is worthy?
                                                              Who was and is and is to come

Who else is worthy?

                                                              To prove to us the Father's love

Yet You chose to make my heart Your dwelling place
