

# Gavin James - White Noise

tom: G Am

D G Em D Am

The way you're glowing in the twilight  
It still hits me like the first time  
Is it just around midnight?  
Oh, I don't know, cause time flies by when I'm with you  
I don't know what to say about your eyelids  
And oh, I drift away, I still get nervous  
After all these years, and the words just disappear

Am D G Em D Am

Lately, all that I can hear is white noise when you speak  
White noise, white noise  
Lately, I don't hear the sound of you talking to me  
It's white noise, white noise  
Oh, I promise that I'm listening  
But when I see your eyes, I wanna dive right in  
The way you flood my mind  
All I hear is white noise when you speak  
White noise

Am D G Em D Am

Let's go hiding in the shadows  
And find somewhere only we know  
Ain't it funny how life goes?  
If you were gone, I'd be so lost  
What would I do if none of this is true?

G Em Am

'Cause if you left me, my heart would break into a million pieces  
Scattered round the room  
Can we live like lovers do?

Am D G Em D Am

Lately, all that I can hear is white noise when you speak  
White noise, white noise  
Lately, I don't hear the sound of you talking to me  
It's white noise, white noise  
Oh, I promise that I'm listening  
But when I see your eyes, I wanna dive right in  
The way you flood my mind  
All I hear is white noise when you speak  
White noise

Am D G Em Am D G Em

And it sounds like love  
And it sounds like love

Am D G Em D Am

Oh, I promise that I'm listening  
But when I see your eyes, I wanna dive right in  
The way you flood my mind  
All I hear is white noise when you speak  
White noise

D G Am

All I hear is white noise when you speak  
White noise
