

Gen Verde - Let Me Be

Tom: Bb

Intro: D G D
Am Em D

I lift my head and look up to the sun once more
I know, I know that I will never be as I was before
There's something new within me throbbing loud in my brain
Your pain has pierced my soul
And you've made it whole
Lord, let me be someone who'll bring your endless love.
Lord, let me be a breath of warmth that comes from above
And be your outstretched arms to hold all the pain of the world
Embrace its loneliness
And you'll make it whole
I feel the pain of those who cry out

Of those who suffer and need someone to care
I see tears silently falling
Of those alone as their life drains away
Lord, let me be someone who'll bring your endless love
Lord, let me be a breath of warmth that comes from above
And be your outstretched arms to hold all the pain of the world
Embrace its loneliness
And you'll make it whole
Yes its loneliness and you'll make it whole
[Refrão]
Let me take your pain and all of your sorrow
Let me take your pain and your fears
Let me take your pain and all of your sorrow
Let me take your pain and your fears
