

Gene Clark - Think I'm Gonna Feel Better

Tom: E

m

Intro: G F Eb D7

I think I'm gonna feel better when tomorrow comes

When I see the sun through my window

I think that everything is going to be all right

Though I know that you have found another

I hope you understand that I

Still love you so bad

But when tomorrow morning come

I hope that you will see the sun shine too

Come shining through

(G F Eb D7)

I think I'm gonna feel better when tomorrow comes

When I see the sun

When I see the sun

Acordes
