[Primeira Parte]

Well baby, you're a wildfire
 That'll light me up
 Little out of control
 Yeah, you know
 Baby, you're a tall drink
 Little top shelf that'll get me going
 Hold on
 We both know that road that we're going down
 And right now, all I can think about

[Refrão]

I got my mind on you
 And you on my mind
 Got these four wheels on a two lane
 And we cutting through the night
 Got you high in my head and your love on my lips
 Girl, I'm hugging on these curves
 Like them jeans on your hips
 Every time you hop in looking like you do
 I got my hands in my eyes and my mind on you
 I got my mind on you
 I got my mind on you

[Segunda Parte]

Slide a little closer, babe
 Wanna get your pretty little head on my shoulder
 And get closer
 Girl, you know I love the way
 You slip your hand under my shirt
 Then it's over
 Go slower
 We both know that road that we're going down
