Way out there where the ocean is still  
 A calm reflection in the sea

Sat alone with the stars and the moon  
 You turned round to me

 That's when it happened to you and me  
 (bass)  
 Chorus1:  
 Run away from my love(part1)  
 Verse2:  
 Way back then it was easy to see  
 A calm reflection in the sea  
 Sitting still and without any cares

 A lover who was sure of me
