Tom: A

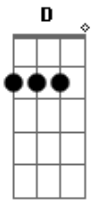

Never seen such a beautiful girl, got me shaking inside
 Calling on me from deep within her eyes
 Not the kind you go handing around, want to keep her right there
 But this love it don't come as no surprise

And when I saw the way that she smiled at me
 I knew it there and then that she was a one
 And then I felt the way she was touching me
 Was something I had known I was waiting upon

Never seen such a beautiful girl, had me quickly untied
 Calling to me she made me realize
 Not the kind that is lost or is found, she has always been there
 A lover needed for this soul to survive
