You are the One. You are my love.

You send the rain and bring the sun.

You stand alone and speak the truth.
You are the breath of life itself, oh yes You are.

You are the One. You're in my dream.

I hold you there in high esteem.

I need you more, each step I take.
You are the love in life itself oh yes You are

You are the One.

You are the one that I'd die for and you're all that is real.

You are the essence of that which we taste touch and feel.

You are the One, no matter what.

You are the real love that I've got.

You are my friend, and when life's through,
You are the light in death itself, oh yes you are.

You are the One.
