

George Harrison - Someplace Else

Tom: A

Intro: d.: A7 Db D

A Dm A
(Someplace else)

You got into my life

I don't know how you found me, but you did

It stopped me heading someplace else

Took me a while to say

Wish you belong to me

But now I'm saddened like I've never been

Regretting that we'll leave

E A E
And for a while you could comfort me

And hold me for some time

I need you now to be beside me

While all my world is so untidy

A7 Db D
Loneliness (oh-o-oh), empty faces (oh-o-oh)

Wish I could leave them all (o-oh)

In someplace else

A Dm A
(Someplace else)

I hope you won't let go

Maybe you'll let me know

That you'll be saddened like you've never been

Regretting that we'll leave

E A E
And for a while I could comfort you

And hold you in my mind

I need you now to be beside me

While all my world is sad and crazy

A7 Db D
Loneliness (oh-o-oh), empty faces (oh-o-oh)

Wish I could leave them all (o-oh)

In someplace else

And for a while you could comfort me

And hold me for some time

I need you now to be beside me

While all my world is so untidy
