

George Harrison - That Is All

Tom: D

That is all I want to say, our love could save the day

That is all I'm waiting for, to try to love you more

And that is all I want to do, to get right next to you

That is all I'm living for, your love and nothing more, and that is all

Times I find it hard to say with useless words getting in my way

Silence often says much more than trying to say what's been said before

That is all I want from you, a smile when I feel blue

That is all I'm waiting for, your love and nothing more, and that is all

Silence often says much more than trying to say what's been said before

But that is all I want to do, to give my love to you

That is all I'm living for, please let me love you more, and that is all
