

# George Harrison - Window, Window

tom:  
G  
I once knew a beautiful girl  
Em Am  
Who had long blonde hair and a curl  
G Bm Am Em  
She looked after me and I looked before her  
C Am Am D  
But that time it hadn't occur  
G Am  
As time turned my head and my mind  
Em Am  
The pleasures seem harder to find  
G Bm Am Em  
But then it was such that I knew far too much  
C Am Am D  
Now I stay home and slowly unwind  
G Am  
And I look out the window to see  
Em Am

I look out the window and see  
G Bm Am Em  
I look out the window and see - eee  
C Am G  
But I get the feeling it doesn't see me  
G Am  
I go for a walk in the shed  
Em Am  
To check out the paint and the lead  
G Bm Am Em  
But it's always the change and it gives me a pain  
C Am Am D  
So I go home and go back to bed  
G Am  
And I look out the window and see  
Em Am  
Look out the window and see  
G Bm Am Em  
I look out the window and see - eee  
C Am G  
But I get the feeling it doesn't see me
