tom:
D
E A2 Dbm B

[Verse 1]
E A2
She was leanin' on a rail in a cotton dress, summer tanned
pretty
Little perfect mess
Dbm B
With a story that could only be anybody's guess
E
And I was thinkin' that I probably didn't stand a chance, but
I
A2
Rolled up my sleeves, walked up and I said
Dbm B A2 B
Hey no, I don't know you, but I'd kinda like a shot
Dbm B
She said, I saw you comin' over, I already thought it over and
A2 B
Ok, so now what

[Chorus]
E
A2
And I said, well I got a car, she said, there's something at
least
It's a start, I said it's better than nothing
Dbm B
I ain't in no hurry but I'm ready when you are
E A2
And she said, where do you think all this is goin', I said,
there
Ain't no way of knowin'
Dbm B A2
I guess I hadn't thought it through that far
B E
But I got a car

[Verse 2]
E A2
So, we let the wheels turn and the windows down, we let
ourselves
Go all the way through town
Dbm B
She never said stop and I never asked her why
E A2
We drove into the night, when outta nowhere, she said, I'd
give
Anything to never go back there
Dbm B A2
And I kinda wish this day would never end
Dbm B
She said, I could use a change but I don't even know where to

A2 B
Begin
[Chorus]
E
A2
And I said, well I got a car, she said, there's something at
least
It's a start, I said it's better than nothing
Dbm B
I ain't in no hurry but I'm ready when you are
E A2
And she said, where do you think all this is goin', I said,
there
Ain't no way of knowin'
Dbm B A2 B
I really hadn't thought it through that far
Dbm B A2
And I can't promise you the moon and stars
B E
But I got a car

B E 3x
[Bridge]
A2
We got lost in the miles, lost track of the days
E
'Til we, finally found a stoppin' place
Dbm B A2
When the doctor's said, you know what's on the way?
And we found ourselves in a little white house
E
One, Sunday morning rain pourin' down
Dbm B A2 Basus4
She said, I think it's time But all the lines are out
Dbm B A2 B
And her eyes teared up and she said What are we gonna do now?

[Final chorus]
E
And I said, well I got a car She said, there's something
A2
You think it'll start? I said it's already runnin'
Dbm B
Got your things in the back and I'm ready when you are
E
She said, are you sure it'll get us where we're goin'?
A2 Dbm
I said, if there's one thing I know girl
B A2 B
It's gotten us this far
Dbm B A2
And I don't mean to hurry but I'm ready when you are
