

Geraldo Azevedo - A Semente Original

tom: E

Saiba que eu sou a origem
 E sou a dissolução
 Da matéria e do espírito
 Que existem neste universo

Além de mim nada existe
 Tudo se sustenta em mim

Como as contas de um
 Colar estão presas por um fio

Eu sou o gosto da água
 Pura, a luz do sol e da lua
 Sou o "Om" dos mantras védicos
 O som vibrando no éter

Eu sou o aroma da terra
 Eu sou o calor do fogo

Sou a vida do que vive
 E a penitência dos santos

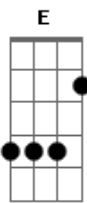

Arjuna saiba que eu sou
 A semente original
 De todas as existências

O poder dos poderosos
 Dos sábios a inteligência
 Sou a potência dos fortes
 Desprovida de cobiça

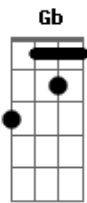

Sou o prazer sexual de acordo com
 Os princípios da religião
 Eterna

Oh Baharata
 Soberano
