

Gerard Way - Brother

tom:

G

D
Does anyone have the time to bring me down?

G **A** **Bm**
And can I sleep all night long to the drums of the city rain?

G
Just make it up-

G **A** **D**
Cuz I'm awake all night long to the drums of the city rain

D **Bm**
And brother if you have the chance to pick me up?

G **A** **Bm**
And can I sleep on your couch to the pound of the ache and pain?

G **A**
In my head- cuz I'm awake all night long to the drums of the city rain

D
The lights we chase

Bm
The nights we steal

G **A**
The things that we take- to make us feel this

D
I can't go back

Bm
Don't think I will

G **A**
I won't sleep tonight as long as I still-

D
Hear the drums of the city rain

D **Bm**
Does anyone have the guts to shut me up?

G **A** **Bm**
Cuz I believe, that every night

G
There's a chance we can walk away

G
So hold on tight-

A
Because I won't wait too long, in the drums of the beating rain

D
Cuz the nights don't last

And we leave alone

Bm
Will you drive me back?

A
Can you take me home?

D
The lights we chase

Bm
The nights we steal

G **A**
The things that we take- to make us feel this

D
I can't go back

Bm
Don't think I will

G **A**
I won't sleep tonight as long as I still-

D
Hear the drums of the city rain

Bm
Faces I don't know

D
I am tired in the glow

Bm
Of the freezing club

D **Bm**
Keep me breathing don't make the lights come back

D
Can you take me home?

Bm **D**
We all need this when we leave alone

D **Bm**
Remember when you and I would make things up?

G **A**
So many nights, just take me down to the place we would hear them play

G
I miss that sound

A
Cuz now we don't sing so loud

D
To the drums of the city rain

D
The lights we chase

Bm
The nights we steal

G **A**
The things that we take- to make us feel this

D
I can't go back

Bm
Don't think I will

G **A**
I won't sleep tonight as long as I still-

D
Hear the drums of the city rain

D **Bm**
Like strangers laugh and like subways feel

G
Things I'm trying to break

A **D** **Bm**
Oh, just wait until this is all we have- to keep us ill

G **A**
I won't breathe tonight as long as I still hear the drums of the

D
city rain

(**D**)
