It's when I look at you
That I'm suddenly alive
And it all makes sense
E
When it feels so beautiful
Completely natural
Well it's love I guess
E
This is the closest thing
I've imagined it to be
With one kiss, one touch, I'm in heaven
Gb
We can make it last baby
Abm
Feel my love tonight
E
Knowing it's not goodbye
B
Leaving my heart at the door (heart at the door)
Abm
Keep it warm and true
E
Giving it all to you
B
I'm coming back for more
Gb
So let me love you more
E
It's when you look at me
That I feel like I'm at home
And it all works out

So free and wonderful
It's what it's all about
