

G.G. Allin - Outlaw Scumfuc

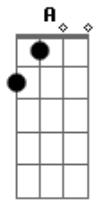

tom:

A

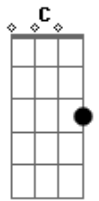

Everybody knows that I'm a scumbag **D**
 They won't come and see me in this dive **C**
 Everyone's afraid of what might happen to them **G**
 Or if they'll even get out of there alive **C**
 Some fuckhead in the corner is getting to me **D**
 Talkin' about the way I look and smell **G**
 Well I guess he don't know that I'm the Outlaw Scumfuc **C**
 Someone aughta' warn him before I knock him straight to Hell **D**
 Because everybody knows that I'm a scumbag **C**
 I like sluts and whores and I don't care **C**
 You can say just what you want to say about me **G**
 But if I hear you I might just go knock you off your chair **A**
 'Cause I like to drink whiskey by the gallon **D**
 I live on peanut butter sandwiches, I don't care **C**
 I spent some nights in jail in this old country **G**
 Everybody hates me and I just don't fucking care **D**
 'Cause I can sing all those songs about bitches **C**
 And I still fuck all the prostitutes that I know **G**
 They tell me I smell like raw sewage **C**
 But I'm the man that you'll never know **D**

C **D** **G**
