

Giant - It Takes Two

Tom: C

Int: Am F Am F G Am F G

Oh here I am, looking back again, at the road that led to you

Oh the time's alright, tryin' to save myself from looking out at you

I walk alone, while you are waiting, but somehow you saw through me

And now I'm standing at your door, you're the only one I need

Chorus:

It takes two, two hearts that beat together, to make it feel like one

Body and soul surrender, when love has just begun

It takes two, it takes two

I've been blinded by this fear inside that love is just a game

You distract yourself with someone else, and both havin' travelled in pain

Bow now I see the road I've taken, will lead me to nothing more

Than empty rooms without your love, girl, I'm standing at your

door

chorus

It takes two, two hearts that beat together, to make it feel like one

Body and soul surrender, when love has just begun

It takes two, it takes two oho
