

Gigi Perez - Karma

tom: Db (forma dos acordes no tom de C) Capotraste na 1ª casa [Intro] C Am Em A Em

Those eyes
So deceiving
Give me something
To believe in
Come back
Each time you're leaving
But not this time, babe
I don't need it
You know you made me cry more than you could make me laugh
So funny looking back, I thought it was love
You know you made me sad when I was already sad
So funny looking back, I thought it was love
But karma is a bitch, so watch out for your shit
I know you know I didn't need it
But karma is a bitch, so watch out for your shit
I know you know I didn't need it
And why's it hard
Leave me alone?
Don't you got

Somebody home?
And do you think
She even knows
About the rope
Around my throat?
And do you make her cry more than you can make her laugh?
So funny looking back, I thought it was love
But karma is a bitch, so watch out for your shit
I know you know I didn't need it
But karma is a bitch, so watch out for your shit
I know you know I didn't need it
Need it
Need it
Woah, oh
Ohh, ohh
(C Am Em)
You know you made me cry, you cannot make me laugh
Looking back, I thought it was love
I thought it was love, love
I thought it was love, love
