

Gigi - Sometimes (Backwood)

Intro: Eb Gm tom:

Roll me up
Smoke me like
I'm the last backwood you'll have
In your life
Take your time
Fuck me right

I know you've seen
A lot of things
That's why we get along so well my darling
And you know I hate to give you
Such a hard time
But you know I hate when people look
At what's mine

Acordes

What's mine
(Ooh) What's mine
Tell me you meant it when you said
There was no one else
You were thinking of back then
And I know you say you didn't mean
To make me cry
But I don't believe that sometimes
Sometimes
Sometimes
Sometimes
I wonder oh
Sometimes
I wonder oh oh
It doesn't matter though
