

Girl In Red - I'll Die Anyway

```
Intro: C G
I think back to when
Life was good, I was content
But it's been so many years
I can't remember how it feels
I reach for me but I'm not there
It's so lonely but who cares
It's fine, it's okay
I'll die anyway
I reach for me but I'm not there
I always wonder why I'm here
It's fine, it's okay
G G
I'll die anyway
I guess i could say
I've learned to live this way
But it's still hard to find
Reasons to stay alive
Accepting I'm pointless
```

Acordes

```
Isn't the hardest
When it's so
Completely obvious
My questions are countless
Looking for answers
So far I'm clueless
Go back to sleep
I reach for me but I'm not there
It's so lonely but who cares
It's fine, it's okay
I'll die anyway
I reach for me but I'm not there
I always wonder why I'm here
It's fine, it's okay
I'll die anyway
I'll die anyway
           CGGG
I'll die anyway
I'll die anyway
C G G
I'll die anyway
