                              tom:
                 G
                   Am                          E
I remember you couldn't stop crying
Am                               E
You found me when I thought I was dying
F                    C
Believe me when I say
     Am              E
I tried so hard to change
Am                               E
All the crazy shit I made you do
Am                               E
The long nights you held me through
F                    C
Believe me when I say
Am                    E
I could never be saved
E7
Be saved
         F
Yeah, I tried
C                 Am
To get it off my mind
E                    Am
To leave it all behind
              F
Don't wanna make it worse
            C             Am E
I'm gonna make it work
        F
Yeah, I tried
C                 Am
To get it off my mind
E                    Am
To leave it all behind
              F
Don't wanna make it worse
            C             Am E
I'm gonna make it work
      Am                          E
I r?member you stayed up all night
    Am                   E
To make sure I was alright
 F                 C
Believe me when I say
  Am                    E
I would have done the same

Am                                  E
Can't trust my mind, it's such a liar
 F                  C
Believe me when I say
         Am              E
I can't carry the weight
    E7
The weight

        F
Yeah, I tried
C                  Am
To get it off my mind
E                     Am
To leave it all behind
               F
Don't wanna make it worse
            C            Am E
I'm gonna make it work

      Am              E                    F
Oh, I will make it work, I'll make it work
                 C
I'll make it work
      Am              E                    F
Oh, I will make it work, I'll make it work
                 C
I'll make it work
       Am              E                     F
Oh, I just left the dirt, get off the curb
                C
I'll do the work
       Am              E                     F
Oh, I, I'm so disturbed, can't fix the hurt
                 C  C7
Can't fix the hurt

            F
Yeah, I tried
C                  Am
To get it off my mind
E                     Am
To leave it all behind
               F
Don't wanna make it worse
            C            Am E
I'm gonna make it work
