

Giveon - Twenties

[Primeira Parte]

G7M Em
How was I supposed to know
This is how it's gonna go?
Thought that if I put you first enough
We would last for sure, last for sure (For sure)
Remember our first kiss was in a rental car
Now I kinda wish it was a hit and run
Crazy I let you get this far
But I was just young and dumb

[Pré-Refrão]

Em
Six years gone down the drain
I guess I'm half to blame
I didn't know, I didn't know I'd be wasting my time

[Refrão]

G7M C
Spending my twenties on you (0h)

G7M C
I poured my heart in it
Don't get me started
Spend my time wondering why
I spent my twenties on you

[Segunda Parte]

Em
Thought I was learning myself
I was just learning you

Is anything black and white
When you're barely twenty-two?
Hold onto you like a shirt to a sweater
Hung onto you 'cause I didn't know better

I just felt like time was runnin' out
I could tell the ship was goin' down
I was so young and dumb
