

Glee - Your Song

  It's a little bit funny
                             this feeling inside
       Em
                            Em C
  I'm not one of those who can easily hide
                           B
bu+
                  D
                             but boy if I \operatorname{did}
  I don't have much money
              Am
  I'd buy a big house where we both could live
                 C
                            D
  If I was a sculptor but then again no Em Em C
  Or a man who makes potions in a travelling show
              D
  I know it's not much but it's the best I can do
  My gift is my song yeah and this one's for you
                  Em
  And you can tell everybody
                               this is your song
  It may be quite simple but now that it's done
  I hope you don't mind
  I hope you don't mind
                          that I put down in words
                             C
  How wonderful life is while you're in the world
( G C D C )
