

Godsmack - Under Your Scars

Tom: G
Intro: Bm A G A Bm A G Gb

[Verso 1]

Do we make sense? I think we do
In spite of everything that we've been through
And you say black, and I say white
It's not about who's wrong
As long as it feels right
Don't think those stars won't align

[Refrão]

Under your scars I pray
You're like a shooting star in the rain
You're everything that feels like home to me, yeah
Under your scars
I could live inside you time after time
If you'd only let me live inside of mind
Live inside of mind

(A G A)

[Verso 2]

Wish you were here right beside me
So I could watch you sleep
Hold your body closer, breathe you deep
And everything feels broken when you're not next to me

Would you still be you if we weren't we

[Refrão]

Under your scars I pray
You're like a shooting star in the rain
You're everything that feels like home to me, yeah
Under your scars
I could live inside you time after time
If you'd only let me live inside of mine

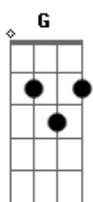

[Ponte]

So hey, if you feel like coming down
If you feel like coming around
Just call my name out loud, na, na, na
Hey, if you feel like coming down
If you feel like coming around
Just call my name out loud, na, na, na, yeah
[Solo] D E G B A G Gb

[Refrão]

Under your scars I pray
You're like a shooting star in the rain
You're everything that feels like home to me, yeah
Under your scars
I could live inside you time after time
If you'd only let me live inside of mind
Live inside of mind
