

Gogol Bordello - Sun is On My Side

tom:
 What was here now is gone
 Up and down, like everyone
 Walked the earth in lonesome cry
 But when the sun comes up
 When the sun comes up
 It will be on your side
 It will be on your side
 To the song of wheels
 All demons die
 Rays of joy, they multiply
 Harmony, you will be my bride
 But when the sun comes up

I'll let out last breath
 And slumber softly into the death
 My half-breed odyssey
 Your orphan prophecy
 Our destiny we will not hide
 When the sun comes up
 When the sun comes up
 It will be on your side
 It will be on our side
 When the sun comes up
 I'll let out last breath
 And slumber softly into the death
