This is a great song by one of my all-time favorite bands, Goldfinga!
The song, does, however, have lots of little bits and pieces to play. So,

Main/Intro riff: (repeated)

Play main/intro riff once, then at the end of the second time, play this:

```
  F#ii   G
```

2nd guitar plays these chords under the main/intro riff:

```
  D   G   B   A
```

The intro riff ends, and lead guitar plays this riff:

Rythym ska part played during verse:
```
  D   G
```

Verse:
```
D                 G          D            G
```
You taught me how to play guitar, you taught me that I'd go
```
         D   G         D  G  D
```
far just by trying. Yea just by trying. We were kids playing
```
G          D              G           D   G
```
Social D., spiritual man on l.s.d., we were frying, yea we
```
        D
```
were frying.

Play this riff during last half of verse:

Bridge:
```
  Em  C   Em  Fii
```

```
Em                  C              Em
```
Once in a while you'd fuck with me, no ground on my bass and Fii
it shocked me.

Chorus:[the C and D in parantheses aren't played by guitar]

```
   G   Am  C   D    G   Am  (C )(D ) G
```

```
           G Am          C   D
               G   Am   (C )      (D )    G
```
Cause when we were skatin', you would make the metal sign.

Repeat intro.

Verse:
```
        D                        G        D
```
You got kicked out of school for wearing profanity. "Too
```
            G                  D   G
```
drunk to fuck" said the Dead Kennedys on your button, your
```
        D   G
```
punk rock button.

Riff: (means played quietly)

```
D          G          D
```
You were born in S.L.T., vegetarian man no
```
G          D   G         D    G
```
B.L.T. on your muffin, no turkey stuffing.
Riff:

Bridge:
```
Em                C               Em
```
Once in a while I'd surf with you, our first band was called Fii
I.M.R.U.

Then repeat chorus, playing a barred G-C-G instead of the
(C)-(D)-G part at the end.

Next: repeat intro 2x, then lead guitar plays this while 2nd guitar plays
a D with palm muting:

Last verse repeats the words from the first verse, except it's played
with barre chords.
Riff: ("yeah just by trying. . .")

Whew! That's pretty much all I've got. It took me a while to figure this
one out, and there may be some other, better ways to play this song. If
you have any questions, comments, changes, or maybe even requests, e-mail
me and I'll see what I can do you for.
