

# Goldfinger - Forgiveness

Tom: **C**

I looked on this site and they didn't have this tab!!!  
This is an awesome  
I play it all the time and it sounds great. Here you go:

Tabber: Greenfinger182  
CD: STOMPING G GROUNDS  
Publisher: MOJO Records

It starts off with acoustic guitar playing open chords and it goes like this:

Intro: **G D Em C**

Or, on the electric guitar, you could play it like this:

Then it goes into the verse (still playing open chords)

**G D Em C**  
So you decided to blame him again for all your choices  
**G D Em C**  
Seemed like the softer way out  
**G D Em C**  
You think it just might make life easier to swallow will it  
**G D Em C**  
You made a fine career out of guilt

Pre-Chorus:

This part sounds lower than before, but it's only the bass

that goes lower.

When they sing "Maybe he just did the best he could" at the end of the pre-chorus, there is to **Em** chord.

**G D Em C**  
Maybe he just did the best he could with what he had  
**G D C**  
Maybe he just did the best he could

Chorus:

This is all electric guitar

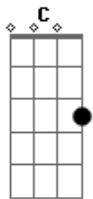

And then palm mute this directly after verse:

2nd verse: same as first. Use electric guitar, and do not use open chords.

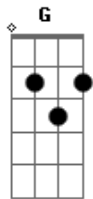

2nd chorus: same as first. Then directly after, this comes on. Play very softly. If necessary, use only one note at a time.

Don't you know what comes around goes around  
Don't you know what comes around goes around  
Don't you know what comes around goes around  
Don't you know what comes around goes around
