

# Goldfinger - Free Me

Tom: **C**

Intro:

VERSE:

**C** **Am**  
I didn't ask you to take me from here  
**F** **G**  
I didn't ask to be broken  
**C** **Am**  
I didn't ask you to stroke my hair  
**F** **G**  
And treat me like a worthless token  
**C** **Am**  
But my skin is thick  
**F** **G**  
My mind is strong  
**C** **Am**  
I am built like my father was  
**F** **G**  
I've done nothing wrong

CHORUS:

**C** **Am**  
So free me  
**F** **G** **C** **Am**  
I just wanna feel what life should be  
**F** **G** **C**  
I just want enough space to turn around  
**Am**  
And face the truth  
**F** **G** (hold)  
So free me

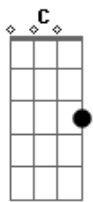

VERSE:

**C** **Am**  
When are you gonna realise  
**F** **G**  
You're just wrong  
**C** **Am**  
You can't even think for yourselves  
**F** **G**  
You can't even make up your minds  
**C** **Am**  
So my mind's a jail  
**F** **G** **C**  
I hate the whole god-damn human race  
**Am**  
What the hell do you want from me  
**F** **G**  
Kill me if you just don't know

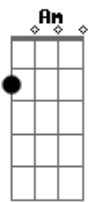

CHORUS:

**C** **Am**  
Or free me  
**F** **G** **C** **Am**  
I just want to feel what life should be  
**F** **G** **C**  
I just want enough space to turn around  
**Am**  
But your all fcked  
**F** **G**  
And someday maybe you'll treat me like you
