

Goldfinger - The Upper Hand

Tom: **A**

Bridge Solo thing

Verse

Since youve been 15 youve were confused
Gb At the age its so hard to just be you
A You got your friends, your records
Gb The only thing that makes you feel whole
A You're trying to figure it all out
D Sometimes you realise the fight is oh so futile
Gb When someone else is telling you your wrong

Chorus

D You know your right
G But no one seems to listen,
Gb They say you're just a child,
A So you turn and fight,
G For me that is the only way
Gb To step to what they say is the upper hand,
D Don't let them take the upper hand
D Don't let them take the upper hand

You wanna go out and forget the day
 Go out and just make your life seem real
 Forget your mom and dad
 Forget about your job, your home, your school
 You take so much shit,
 Your girl said it's over
 You think about giving up
 But don't you dare give up without a fight

You know you're right
 But no one seems to listen,
 They say you're just a child,
 So you turn and fight,
 For me that is the only way
 To step to what they say is the upper hand,
 Don't let them take the upper hand
 Never let them take the upper hand
 The upper hand

Chords
