

# Goo Goo Dolls - Let Love In

Tom: **D**

(**D** **D** **Bm** **A** **G** )

You wait, wanting this world

To let you in

And you stand there

A frozen light

In dark and empty streets

You smile hiding behind

**A** God-given face

But I know you're so much more

Everything they ignore

Is all that I need to believe

You're the only one I ever believed in

The answer that could never be found

The moment you decided to let love in

Now I'm banging on the door of an angel

The end of fear is where we begin

The moment we decided to let love in

I wish

Wishing for you to find your way

And I'll hold on for all you need

That's all we need to say

I'll take my chances while

You take your time with

This game you play

But I can't control your soul

You need to let me know

You leaving or you gonna stay

You're the only one I ever believed in

The answer that could never be found

The moment you decided to let love in

Now I'm banging on the door of an angel

The end of fear is where we begin

The moment we decided to let love in

There's nothing we can do about

The things we have to do without

The only way to feel again

Is let love in

There's nothing we can do about

The things we have to live without

The only way to see again

Is let love in

You're the only one I ever believed in

The answer that could never be found

The moment you decided to let love in

Now I'm banging on the door of an angel

The end of fear is where we begin

The moment we decided to let love in
