

# Good Charlotte - Jealousy

Tom: **G**  
Intro: **Em7 A C D2**

Verse:

**Em7** **A**  
For every lie I ever told, for every line I ever sold.  
**C** **D2**  
For everyone I ever hurt before,  
**Em7**  
I could always find a good excuse  
**A**  
I could always find something to use  
**C** **D2**  
I could always find a way out of the truth.  
**Em7** **A**  
Well it used to feel okay inside to get in their face and tell  
these lies.  
**C** **D2**  
But not today, I'm breaking free.

Chorus:

**C** **Em7**  
Jealousy, look what you've done.  
**C** **D2**  
You've got a hold of me, you've made me become.  
**C** **Em7**  
Thought I'd never be what I'm running from,  
**C** **D2**  
This jealousy look what its done.

Verse:

**Em7** **A**  
I never thought the day would come to say sorry for the things  
I've done  
**C** **D2**  
I know the list is long but that's all on me,  
**Em7** **A**  
I can't really find the words to make ones I've hurt,  
**C** **D2**  
But I hope they see this side of me.  
**Em7** **A** **C** **D2**  
I swear that I've been waiting, I've been waiting, to say.

**C** **Em7**

Jealousy, look what you've done.

You've got a hold of me, you've made me become.  
**C** **Em7**
