

# Good Charlotte - Life Can't Get Much Better

Tom: **G**  
Intro: **G**  
One promise, we made it  
**D**  
We said we'd never break it  
**Em**  
Don't look down, be honest  
**C**  
Tell me has it changed?

[Verse 1]  
**G**  
One life that, we're living  
**D**  
We're somewhere unforgiven  
**Em**  
Don't look down, be real now  
**C**  
Tell me has it changed?  
**G**  
I just wanna see you laugh again

[Chorus]  
**D**  
Life can't get much better  
**Em**  
Let's just stay together  
**C**  
These scars are tokens of promises broken

[Chorus]  
**G**  
Life can't get much better  
**D**  
Let's just stay forever  
**Em**  
We've got to hold on  
**C**  
We waited so long

[Verse 2]  
**G**  
If I knew we'd end up this way  
**D**  
Do you really think I wouldn't have tried?  
**Em**  
If I knew it would break us down  
**C**  
Do you really think I would've lied?

[Verse 3]  
**G**  
Now I try to forget the past  
**D**  
But it's all that's on my mind  
**Em**  
I'd give it all if I could get you back  
**C**  
I'd give it all if you were mine

**G**  
I just wanna see you here sometime, 'cause

[Chorus]  
**D**  
Life can't get much better

**Em**  
Let's just stay together

Tell me that you meant every word you said

In the text you sent I was going to bed

The girl with the blue eyes, with the blue eyes

It ain't right it was fucking with me last night
