

# Good Kid - Drifting

tom:  
 I just don't know the words  
 Or how to conjugate them  
 Was it really past tense I heard  
 Or was it present perfect  
 Maybe we could forget the time  
 You faced that friend without me  
 Maybe we could go back to mine  
 Pretend it never happened

[Pre-Chorus]

Oh, when you're always out of time  
 When you say it will be fine  
 When I just can't find the line  
 Oh, hope I know what to say  
 When you throw it all away

D Bm7 Em7 x2

[Chorus]

Sorry baby  
 I've been drifting again  
 Could you repeat the question  
 No I guess I do not know when  
 It first became a problem  
 Sorry that it's all such a mess  
 The words they seem to leave me  
 Didn't really quite catch the rest

Not keen on it repeating

[Pre-Chorus]

Oh, when you're always out of time  
 When you say it will be fine  
 When I just can't find the line  
 Oh, hope I know what to say  
 When you throw it all away  
 When you throw it all away

[Interlude]

D7M Bm7 x2

Sorry baby I just don't know the words  
 Was it really past tense I heard  
 Maybe we can forget the time  
 Maybe we can go back to mine

[Final]

Well I think that I've been drifting  
 Without you, drifting  
 I think that I've been drifting  
 Without you, drifting  
 Well I think that I've been drifting  
 Without you, drifting  
 I think that I've been drifting  
 Without you, drifting  
 And now I know that you've been gone
