

Gotye - Save Me

tom:

Bm (forma dos acordes no tom de Am)

Capostrate na 2ª casa

Intro: E D E D E D A D

In the mornings

I was anxious

It's better just to stay in bed

Didn't want to fail myself again

Running through all the options

And the endings

Were rolling out in front of me

But I couldn't choose a thread to begin

And I could not love

Coz I could not love myself

Never good enough, no

That was all I'd tell myself

And I was not well

But I could not help myself

I was giving up on living

In the morning

You were leaving

Travelling south again

And you said you were not unprepared

And all the dead ends

And disappointments

Were fading from your memory

Ready for that lonely life to end

And you gave me love

When I could not love myself

And you made me turn

From the way I saw myself

And you're patient, love

And you help me help myself

And you save me

And you save me

Yeah you save me
