

# Grace Davies - Invisible

tom:

[Primeira Parte]

I don't wanna talk about it  
 There isn't much to say  
 I don't have an excuse to?why?I won't come?  
 To your party  
 And I don't want?my picture taken  
 I'd hate it anyway

No I don't want to spoil your night  
 Just go have fun without me

[Pré-Refrão 1]

I'm pushing food around my plate  
 Cause my father said I'm overweight  
 Well maybe he'd feel better  
 If I just disappeared all together  
 And I got so good at faking smiles  
 I can do it for a little while  
 Just don't ask me if I'm okay  
 Cause I'm not okay, no

[Refrão]

It's hard to show you something  
 Invisible  
 No tears, no scars, no bruises  
 It's not physical  
 It's covered up and hidden tight  
 Beneath the skin, inside the mind  
 You wouldn't even notice, you wouldn't even know  
 Invisible, invisible, invisible

[Segunda Parte]

I don't want to shout about it  
 Make it about me  
 Cause they've already aired all of my  
 Problems on TV  
 Got everything I ever wanted  
 But nothing that I need  
 If anything it's just another reason  
 I feel guilty

[Pré-Refrão 2]

And I don't really cry no more  
 Guess I'm just used to insecure  
 Just don't ask me if I'm okay cause  
 I'm not okay, no

[Refrão]

It's hard to show you something  
 Invisible  
 No tears, no scars, no bruises  
 It's not physical  
 It's covered up and hidden tight  
 Beneath the skin, inside the mind  
 You wouldn't even notice, you wouldn't even know  
 Invisible, invisible, invisible  
 ( B Eb7 Abm Gb E )

[Final]

And standing under all the lights  
 The focus of a thousand eyes  
 You wouldn't even notice  
 You wouldn't even know I feel  
 Invisible, invisible  
 Invisible
