Intro: C F G

C
I don't wanna be found out
C
I dont wanna leave this town tonight
C
Don't wanna be back where I started from
C F
'Cause my roots won't keep me warm
C
They won't keep me warm

C
I only just realised now
C
It only just dawned on me that I have always been lonely
C F
And I needed this, to feel comfort and complete
C
I never thought we'd meet

C
But they said I was always gonna be that way
C F
Until I saw you, I believed them everyday
C
Then you came my way

C
Oh, let me love, oh, let me love you, until we're old
C F
Oh, let me love, oh, let me love you, until we're grown
C
'Cause my roots will never keep me warm

C
I guess I made it here somehow
C

I made it this far and I am proud
C
It's my whole world has changed
C
Nothing stays the same
C F
And I for one am glad
C
I never knew I wanted you so bad

C
But they said I was always gonna be that way
C F
Until I saw you, I believed them everyday
C
Then you came my way

C
Oh, let me love, oh, let me love you, until we're old
C F
Oh, let me love, oh, let me love you, until we're grown
C
'Cause my roots will never keep me warm

C
And they said I was always gonna be that way
C F
Until I saw you, I believed them everyday
C
Then you came my way

C
Oh, let me love, oh, let me love you, until we're old
C
Oh, let me love, oh, let me love you
C F
'Cause my roots won't keep me warm
