

Grace VanderWaal - Clay

tom:

Intro: G G D C D

You see a girl in the hallway
And then you whisper to your friend
Who is she anyway?

You forgot what she looks like
In like a day
But your words don't hurt me
I will be okay

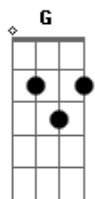

Cause you don't hurt me
I won't mold to

Your silly words
I won't live inside your world
Cause your punches and your names
All your jokes and stupid games
They don't work
No, they don't hurt
Watch'em just go right through me
Because they mean nothing to me
Im not clay!

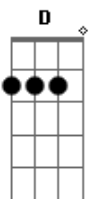

You see that girl in the hallway
Smile on her face
as she walks away

Trying to tear her down
was your first mistake
Cause little do you know
she wasn't built to break
