

# Gracie Abrams - 405

tom:

C

[Primeira Parte]

C Dm  
I, I took the 405

Am F  
I drove a hundred miles an hour to forget you

C Dm  
And I, blew through the traffic light

Am F  
If I were to go tonight, I think I would regret you

[Refrão]

Am F  
You took the half of me, that I needed

C G  
And how'd you walk away so easy?

Am F G  
It's almost like you like to let me down

Am F  
You took half of me, could you leave it?

C G  
And go back to when we were speaking

Am F G  
I hate the fact that I miss you around

[Segunda Parte]

C Dm  
Please, you won't even look at me

Am F  
It's getting embarrassing, I'm crying to my family

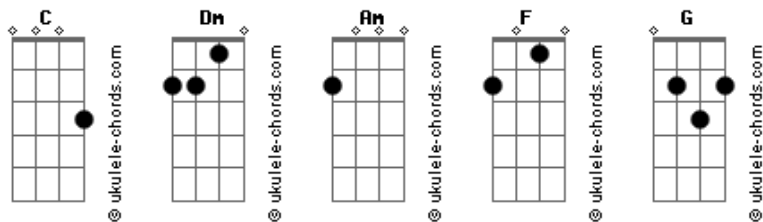

C Dm  
Now I'm, I'm harder to recognize

Am  
'Cause I cut all my hair last night, while you think of me barely

[Refrão]

Am F  
You took the half of me, that I needed
