

# Gracie Abrams - And She Will Miss You

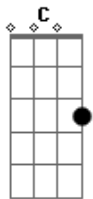

Tom: **C**

**C**  
I saw your shoes behind the line  
**Em**  
I've seen your face a hundred times  
**F**  
But now only in my mind  
**Fm**  
The rest of you is left behind  
**C**  
You lay there passed out on the couch  
**Em**  
Words falling from your mouth  
**F**  
Maybe you like to drink too much  
**Fm**  
I could see you losing touch  
  
**C** **Em**  
Please don't float too high  
**F**  
The sun will burn your wings  
**Fm**  
You are everything  
**C** **Em**  
Please just run away  
**F**  
The headlights they will catch you  
**Fm**

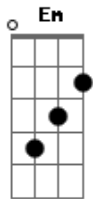

Your mother she will miss you

**C**  
So we all waited in a room  
**Em**  
Flipped a switch and watched the news  
**F**  
Waiting for a sign of you  
**Fm**  
Breathing was impossible to do  
**C**  
So we all waited for the call  
**Em**  
And wondered if you're there at all  
**F**  
But no one's lips knew what to say  
**Fm**  
Hoping that you won't fly away  
  
**C** **Em**  
Please don't float too high  
**F**  
The sun will burn your wings  
**Fm**  
You are everything  
**C** **Em**  
Please just run away  
**F**  
The headlights they will catch you  
**Fm**  
Your mother she will miss you
