

# Gracie Abrams - Mess It Up

tom:

[Primeira Parte]

Opened two double doors  
Typical, pretty sure I could grow up  
Probably chemical  
I took up walking to turn it all off  
Doesn't feel bearable  
Guess I thought when I left it would all stop  
Hmmm, it would all stop

[Refrão]

Did I fall out of line when I called you?  
When I told you "I'm fine" you were lied to  
How could I think that all that I gave you was enough?  
'Cause every time I get too close I just go mess it up

[Segunda Parte]

Funny that didn't work (didn't work)  
I could be anywhere, I'm on your block  
Cynical (cynical), terrible (terrible)  
Kicking myself with my gut in a knot  
'Cause I heard that you're  
(Heard that you're), happier (happier)  
Hope that you're sleeping w?ll knowing I'm not  
I'm doing too much, hmm-hmm-hmm hmmm-hmm

Did I fall (did I fall) out of line (out of line)  
When I called you? (ah-ah-ah-ahhh-ah)  
When I told (when I told) you "i'm fine" (you "I'm fine")  
You were lied to (I told you I'm lying)  
How could I think that all that I gave you was enough?  
'Cause every time I get too close I just go mess it up

[Ponte]

I keep thinking maybe if you let me back in  
We can make it better, breakin' every habit  
Pull myself together, you could watch it happen  
Let it happen, let it happen

I keep thinking maybe if you let me back in  
We can make it better, breakin' every habit  
Pull myself together, you could watch it happen  
Let it happen, let it happen

[Final]

I keep thinking maybe if you let me back in  
We can make it better, breakin' every habit  
Pull myself together, you could watch it happen  
Let it happen, let it happen

I keep thinking maybe if you let me back in  
We can make it better, breakin' every habit  
Pull myself together, you could watch it happen  
Let it happen, let it happen
