

# GRAHAM - Cheap Cologne

tom:  
 [Primeira Parte]

I get so attached to trusting better halves  
 In a flash, we lost all that we had  
 I feel guilty every time we laugh  
 'Cause I couldn't see behind your mask

[Pré-Refrão]

Could it be the timing or the wrong place?  
 Getting sick of hearing you say "always."  
 Show a little effort, and that's all it takes

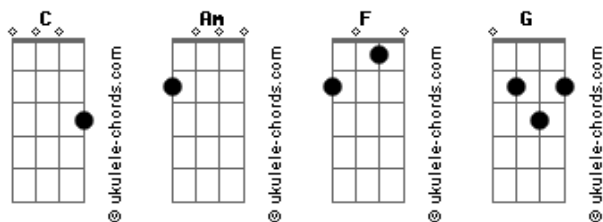

[Refrão]

How could love feel safe with a seed of doubt?  
 All the nights I prayed you would be around  
 No, please don't go  
 Say that it was never your fault, who was keeping count?

Guess that I thought it would even out, no oh ooh ooh  
 Now I know we'd never last like cheap cologne  
 Last like cheap cologne, last lik? cheap cologne

[Segunda Parte]

## Acordes

Word to my preach?r, I dig a little deeper  
 'Cause sometimes what's real

Don't always show on the surface  
 Don't matter how I treat her

You see it in her demeanor  
 Like how we call it love

If we gon' end it all on purpose

[Pré-Refrão]

Could it be the timing or the wrong place?  
 Getting sick of hearing you say "always."  
 Show a little effort, and that's all it takes
