

GRAHAM - Part Of Me

tom:
A (forma dos acordes no tom de F)
Capostrate na 4ª casa

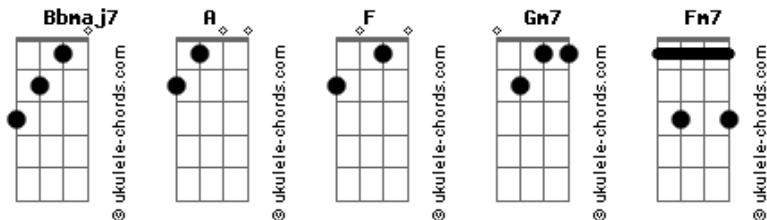

I?m not the same person that you met
But I?m better for it
Changing who I am is no regret
You?re that important

?Cause what you want is what I?ve wanted
Parts of me that I?m confronting
Oh, I like the person I?m becoming (Hey)

I lost a part of me getting lost in you
But I found a part of me that I never knew
You took something that?s broken and you made it new
I lost a part of me, but I found a part of you
(Bb7M Gm7 Fm7)

You held up the mirror, and I loved what I saw
There?s another part of me right behind those walls

Acordes

Iron sharpens iron, you been working hard
Working on my flaws

?Cause what you want is what I?ve wanted
Parts of me that I?m confronting
Oh, I like the person I?m becoming (Hey)

I lost a part of me getting lost in you
But I found a part of me that I never knew
You took something that?s broken and you made it new
I lost a part of me, but I found a part of you
(Bb7M Gm7 Fm7)

I found a part of you
I lost a part of me getting lost in you
But I found a part of me that I never knew
You took something that?s broken and you made it new
I lost a part of me, but I found a part of you
