

Grand Island - Suffer Lid Min Kjære

Tom: G

Sheltered safe, come out anew
 I'll be there the whole day through
 Abelone, sweet Abelone
 Come out quick, my Abelone
 Feel the weather on your skin
 Let me out and I'll let you in
 Abelone, oh Abelone
 Find me here, my Abelone
 Darkness likes me better alone

Then I'll suffer baby suffer
 I'll suffer so well
 In our last minute photograph
 But it's in your eyes
 You've gone a million miles

Slepp lys gjennom sprinklene i taket på ditt rom
 Du ser meg gjennom gulvet mitt og stolen min er tom
 Abelone, oh Abelone
 Kom te meg Abelone, Abelone kom
 Det er bare du som kjenner meg sånn

Å du lir og du lir

Å kor du lir
 Ser det på ditt smil i ditt fotografi
 At du for lengst har reist
 You've gone a million miles
 And I don't mind your reasons for living
 I don't mind the hell that you've seen
 And I don't mind the holes that you've fallen in
 I don't mind

Oh but you'll suffer baby suffer
 You'll suffer so well
 In our last minute photograph
 When it's in your eyes
 You've gone a million miles
 Oh I'll suffer baby suffer
 I'll suffer so well
 In our last minute photograph
 But it's in your eyes
 You've gone a million miles

If the whole world's crashing then we'll move along
 We'll move along
 The whole world's crashing, but one day we'll be gone
 One day we'll be gone
