Bm

Bm G D

There's one thing I tell you friend

Bm G D

I don't believe in supermen

Who fly through the clouds above the rest

Bm G D

That's just the last thing I wanted to do

Bm G D

But you're so afraid to look at love

Bm G D

You've got to let it all go, this cut-above stuff

A G

'Cause this is the hook that drags you

This is the hook in the crook of your neck

A G

It's the hook that snags you

D

This is the hook

Bm G D

And there's one thing I tell you friend

Bm G D

All of our trials are gonna come to an end

Bm G D

And you and I we're gonna fall

Bm G D

Like we never had stood on this little earth at all

A G

'Cause this is the hook that drags you

D

This is the hook in the crook of your neck

A G

It's the hook that snags you

D

This is the hook

A G

'Cause this is the hook that drags you

D

This is the hook in the crook of your neck

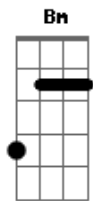

A G

It's the hook that snags you
